- 18 Sauk Creek Condos
- 19 Madison West
- 20 Quarry Ridge
- 21 Middleton - Marshall Park
- 22 Monona - Lottes Park

Some Advice From Fellow Students

Make sure you have an easy commute to the hospital

Biking makes most everywhere accessible, but it's not an option in the winter

I love living downtown and being nearby the square.

You don't need to choose your housing based on distance from WIMR - the bus system in Madison is extremely reliable, even during snow storms.

Don't be afraid to live downtown if you need access to facilities on the west side; buses make it really easy

Watch out for newer developments that are heavily undergraddy if you're trying to avoid that.

Find a good fit for you - If you're studious, live near WIMR - If you like to party/the nightlife, live downtown/main campus area.
